We don’t do this alone.

How is the Weatherization Assistance Program funded?

The NYS Homes and Community Renewal’s (HCR) Weatherization Assistance Program is funded annually by the US Department of Energy. In addition, HCR receives funds for weatherization services from the Low-Income Home Energy Assistance Program funded by the US Department of Health and Human Services through the NYS Office of Temporary and Disability Assistance. CEO’s staff are BPI certified.

CEO’s Weatherization Assistance Program improves the community by preserving the quality and affordability of home ownership for families in the Capital Region.

About CEO

CEO creates partnerships and develops opportunities for social and economic growth and empowerment in individuals, families and communities.

Weatherization Assistance Program

Lowering utility costs by making homes safer and more energy efficient with CEO’s Weatherization services.

2331 Fifth Avenue, Troy, NY 12180 • (518) 272-6012 • info@ceoempowers.org

What is Weatherization?
Weatherization services reduce the amount of energy needed to heat homes and provide hot water. Most homes in New York State were built many years ago, when energy was less expensive. These homes now cost much more to heat than newer homes. The Weatherization Assistance Program helps individuals and families facing financial challenges to make their homes more energy efficient and more affordable.

The Process:
There are four key steps to the Weatherization process:
- Submit application - to determine eligibility
- Energy audit - to assess a home's energy usage
- Weatherize the home
- Follow-up inspection - to ensure quality and effectiveness

Are There Any Charges for Weatherization Services?
All services are provided without obligation to the occupant of the home. However, owners of rental buildings are required to invest funds toward the cost of Weatherization services.

Who is Eligible?
Eligibility is based on household income (right). If a household contains a member who receives Supplemental Security Income, Public Assistance, SNAP benefits or Home Energy Assistance Program (HEAP) benefits the household is automatically eligible.

Contact Us Today!
CEO weatherizes over 150 homes a year in the Capital Region, helping residents make their homes safer and more affordable.
